

# Savings Plan: CIY MIX 2025

Here is a fun and simple plan to help you and your student save for CIY. There are 16 weeks between registration open and final payment due. This plan is a tracker to help you save \$400.

Each week you will need to save \$25. Fill in each circle after you have set aside and saved \$25. This can be an opportunity to help teach your student about money and give them a chance to work around the house or the community to save/earn money toward their CIY MIX 2025 TRIP!

Let's  
start  
strong!
